Educational Psychology (3 Hours)				
EPY 502	Psychology of Learning and Learners	3	_____	_____
Electives (6 hours)				
Advisor approved electives. Sample prefixes: CIS, ISC, ISD, EDM.				
500-599	From: CIS, ISC, ISD, EDM	3	_____	_____
500-599	From: CIS, ISC, ISD, EDM	3	_____	_____

05/28/18

The University of South Alabama Master of Science degree in Educational Technology prepares educators to design, evaluate, and implement educational and instructional technology in the classroom. Through coursework and practical experiences in instructional design and information science, students will learn to use a diverse set of technological tools for design and development of effective instruction. Students will also evaluate technological tools and resources designed to enhance teaching and learning and collaborate with educators to use technology to enhance student experiences and outcomes.

The Master's program in Educational Technology includes both on-campus and online courses. Not all courses are taught in both formats, and students are required to take a combination of on-campus and online courses complete the required courses. Graduates of the program will be prepared to use computer hardware and software, databases, and the internet to support teaching and learning in a variety of contexts.
