Sacred Heart Health System is looking for an exceptional Palliative Care Nurse Practitioner

- Come join the highly skilled, multidisciplinary Palliative Care Department and practice the highest quality Palliative Medicine with an outstanding team.
- The service provides inpatient consultations in all areas of the hospital including MICU, SICU, and the adult medical-surgical wards.
- We currently provide in-patient consultation services with future plans for outpatient services.
- Help educate medical students, residents, nurses, physician colleagues and other hospital staff about Palliative Care principles and practices.
- Provide support and guidance to other members of the Palliative Care team.
- Sacred Heart Hospital of Pensacola is a 466 bed acute care hospital, In the process of building a new clinical tower with an additional 115 beds.
- Part of Ascension Health, one of the nation’s strongest supporters of Palliative Care.
- Come live in charming Pensacola, in Florida’s spectacular panhandle, which boasts the most beautiful beaches in the continental United States!

The Palliative Care Team currently includes two Nurse Practitioners, a CHPN Registered Nurse, a Nurse Manager, a Social Worker, and an Administrative Assistant. All of the staff are full time and solely dedicated to the Palliative Care Department.
