THE CALDWELL ENDOWMENT

Friends and family of Dr. and Mrs. Caldwell established this scholarship in 1994 to help USA students gain international training by participating in a study abroad program.

“I used the Caldwell scholarship to spend a month at the University of Costa Rica in San Jose this summer. The entire experience was amazing and it improved my Spanish skills significantly. Neither my host mom nor my professors spoke English, so almost every minute of the day I had to speak and understand everything in Spanish. There is nothing like study abroad to help with a foreign language.

Spending the summer in Costa Rica was incredible. I am grateful to the Caldwell family for giving students this opportunity every year”.
